TO THE DAILY WHIG AND COURIER.

LETTER FROM EUROPE.

ARRIVAL OF THE

ATLANTIC,

AT NEW YORK.

New York, Sept. 15.

The Atlantic arrived at 6 o'clock this afternoon, bringing intelligence dated between the Canada and the Arabia.

The London Star says it is stated as a some quarters that Mr. Villiers, brother of Lord Clarendon, will be appointed Minister to Washington.

The Liverpool firm of McLeary & Co., and Larmont, McLeary & Co., have suspended.—Liabilities $100,000.

It is rumored that Sir Henry Holland, the Queen's physician, who formerly attended on the Cambria, disputed as to if our climate is such as the Queen can trust her person to in the event of her paying a visit to Canada.

The Coronation of the Czar took place Aug. 26th, according to the programme. Moscow was splendidly illuminated.

The London Morning Post says there is no intention of withdrawing the allied forces from Greece.

SECOND DESPATCH.

From Kansas.

St. Louis, Sept. 12.

Mr. Irish arrived here to-day from Fort Leavenworth, which place he left Sept. 9th. He states that a few days before his departure, Gen. Richardson, commander of the 1st Brigade 1st division of the Kansas militia, had been captured by a squad of Lane's troops.

The particulars of the capture he had not heard. Richardson was conveyed to Lawrence and delivered over to Gen. Lane who at once restored his arms and calling on a small guard, escorted him outside of the town and dismissed him with much courtesy and regret at his misfortune. Mr. Irish learned that General Richardson was so pleased with the generosity of his captors that he has decided on his intention to wage no more war against them.

The Atchisonians who are under arms are exceedingly sick of the country and are determined to leave, and say they must have money to get away with and will leave it if they have to steal it.

Atchison and Doniphan had become disgusted and returned to Missouri.

The pro-slavery forces under Gen. Reid were very small.

Governor Geary ordered Leavenworth city on Tuesday evening. Quite a number of citizens and men under arms were on the banks ready to receive upon two or three companies of Missourians who were expected. When they learned that Gov. Geary was on board, he called him up, the pieces on the guard and made a speech of about ten minutes length, saying among other things, with equal fleetness attached, he would enforce the territorial laws that were constitutional. The Gov. then proceeded to the river and landed at the Fort where he had immediate consultation with Gen. Smith. He stated his intention to proceed to Lawrence in a few days with not any more than usual train, would suffice for a body guard.

Washington, Sept. 15th.

It is understood that owing to the unsettled politico condition of affairs in Nicaragua no new ministers from that country will at present be received here.

Democratic Convention at New York.

New York, Sept. 15th.

The Democratic City Convention met at Tammany Hall to-night, but before organizing a division took place and two conventions were held. In one presided over by Recorder J. W. Smith, Jas. S. Libby was nominated for Mayor by acclamation, and in the other presided over by Socrates Sickels, Mayor Wood was nominated by a nearly unanimous vote. The anti-Wood delegates allege that they were excluded from the regular stated meeting, by the Chief friends of Mayor Wood. On the contrary it is alleged that the so-called bolting convention met before the Wood or regular convention was in session. The affair created great excitement.

Yellow Fever.

Charleston, Sept. 15th.

There were three deaths by yellow fever at Charleston on Saturday.

Whig National Convention.

Baltimore, Sept. 15th.

A large number of delegates to the Whig National Convention to be held in this city on Wednesday the 17th inst. have already arrived. The Hotels are filling up and the city is thronged with people. Much feeling is manifested as to the proceedings of the convention. The Whigs of this city have extensive arrangements for the reception and entertainment of the delegates. Francis Granger arrived to-night.

New York Markets.

New York, Sept. 15.

The Vigilance Committee Disbanded.

New York, 14th. The George Law arrived in Aspinwall to-day, with the news of the Juan L. Stephens which left San Francisco 20th ult. with $3,000,000 in treasure, and 600 passengers.

The Vigilance committee of San Francisco have disbanded themselves, since our previous advices, by the unconditional release of Judge Terry, on the 7th of August, and by a grand parade and review of their whole forces on the 15th.

Although no official notice of the fact was given, yet it appears to have been understood that the functions of the Committee ceased, at least for the present, with the parade of their forces, which numbered between four and five thousand troops.

A People's Nominating Committee had been appointed at San Francisco, which promised to put forward the names of honest people to fill the various offices at the approaching election.

The first State Convention of either of the political parties was called by the Republicans, to meet at Sacramento on the 27th ult.

There was a great fire at Diamond Springs on the 5th ult., which destroyed $600,000 worth of property.

Rather more than the average number of murders, robberies, and assaults of a less grave character, have taken place during the last fortnight. One of the most desperate cases occurred on the 12th ult., when a party of six highwaymen attacked in open day the Camptonville stage coach, on its way to Marysville. There was about $40,000 in treasure on the stage at the time, and the coach was full of passengers, who gallantly defended themselves and their property. Some 40 shots were interchanged, and the coach was riddled with balls. One passenger, a woman, was shot through the brain, and several others seriously wounded. The robbers were compelled to beat a retreat without the expected booty.

The San Francisco Herald says the Vigilance Committee have not disbanded, and that they would assemble again at the top of the bell.

It was known that the yield of wheat, barley, &c., had been much larger than ever before, but the breadstuff markets were very firm, and the quantity offering less than usual. Large shipments continue to be made to Australia.

Glass Pictures.

Rooms, No. 2 1-2 Strickland's Block and No. 19 Main Street

The subscriber informs all those in search that he prepares Pictures on Glass, being in many respects preferable to Daguerreotypes. There is no metallic reflection seen on Glass Pictures which makes Daguerreotypes so hard to look at by some lights.

There are many ways by which Glass Pictures may be put up. The most effectual is to have them covered with white transparent varnish, entirely excluding the air from their surfaces. This is known by the colors can be shown on Glass Pictures, and by this method they can be colored much better than Daguerreotypes.

Engravings neatly copied on Glass or Paper at all times.

A general invitation is given to all interested to call and examine specimens, at Rooms No. 2 1-2 Strickland's Block, Bangor.

N. B. Pictures of Children taken in about one half the time which is occupied by the Daguerreotype process.

Recollect—This is the only way Pictures can be put up in colors by the Glass process.

Worth Reading.

WHEN, by long study and many experiments, a physician has discovered a new principle in medicine, by which pain may be removed, and disease cured, more surely and effectively than of yore, it immediately becomes his duty to bring it before the public and to give to all an opportunity to profit by his discovery. For this reason the proprietor of the genuine "Allen Ointment" and Syrup offers his preparations to all who are afflicted with Scrofula, Salt Rheum, Cancerous Humors, Fever Sores, Pimples, and other eruptions, with the assurance that in nearly every case where they have been tried they have effected permanent cures. Every agent can give references to persons in his vicinity who have been cured by them.

DANCING!

HALL open my Hall, in Exchange Block, on WEDNESDAY, Sept 17th, at 2 o'clock P. M. for Juvenile and Ladies.

Instruction will be given in 24 lessons, sufficient for the entire execution of modern Dances usually employed for parlor and saloon recreation.

I leave this season limited many of our larger cities, for the purpose of acquiring such information as may be useful for the improvement of my pupils. No material change has been made in the Dances taught by me last season; some new ones have been added, but of the same quiet character, and gentle, gliding, graceful movement, which differs so widely from the vigorous, "chopping" gymnastic extravagances of "stage style."

Pupils will receive instruction in such Dances as are now in fashionable favor, as Polkas, Redowalzes, Waltzes, Polka Redowa, Scotch Schottische, Redowa Waltz, Polka Mazourka, Cosks, Varsovienne, Quadrilles, &c., &c. I have an entire new collection of dance music, which was composed for and adapted to the above dances, selected by Prof. G. W. Allen, of New York.

New Styles of Quadrilles and Waltzes will also be introduced, which, with the superior advantages offered pupils for practice, will, it is hoped, meet the approbation of all.

AMBROTYPES!

Rooms---No. 1 Main Street.

THE subscribers have the pleasure of announcing to the citizens of Bangor and vicinity, that they have recently opened a new and elegant suite of Rooms in the city for making Ambrotypes.

The genuine Ambrotype (among other things that distinguish it from all other pictures), is the fact upon the plate glass, upon which is placed a reflector that the two become united by an indestructible gum (the cement), it from dust, dampness, or liability to decay from any cause—The pictures appear reversed, and free from that unpleasant reflection peculiar to the Daguerreotype, and are the only photographic pictures that do not change.

The finest pictures they wish to preserve can be taken only by this process.

The public are respectfully invited to examine the pictures at our Rooms,

Entrance, next door North of No. 1 Main Street.

Through Tickets, including transit of the Isthmus, via Panama R. R.

Preparatory to the change of Commander General, the United States Mail Steamer will here start from New York direct for Aspinwall on the 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra charge*. This is the *only* line running entirely through, tickets including meals, to the Isthmus.
